

ANDROMEDA

Electric Workstation Base (2 Leg)

The ANDROMEDA Electric Workstation Base by ErgoVerse offers very quiet lifting action for up to 220 lbs. Sturdy construction, smooth and quiet movement (23.5" - 49.5"), and programmable "touch-and-go" height adjustment combine to make the ANDROMEDA an option worth considering. The ANDROMEDA is ideally suited to accept tops from 23.5" - 30" in depth and the convenient width adjustment (40" - 71") means that this workstation base will fit virtually any width of desk.

Combining the ANDROMEDA Electric Workstation Base with a DIADEM Waterfall Table Top will create a Sit-Stand Desk with superior features and high quality durable 3D-laminated finish that will bring a refined look to any workspace.

Models:

- AWB-2B (black)
- AWB-2S (silver)
