

# PLEIONE

## Mobile Pedestal File Cabinet

The PLEIONE Mobile Pedestal File Cabinet from Ergoverse was specifically designed to work with height adjustable desks. Unlike traditional file pedestals, the low 19" height of the PLEIONE permits safe deployment below all except the very lowest of adjustable desks, remaining clear of crossbars at the lowest of settings. The file cabinet features sturdy steel construction, with the compact dimensions ensuring high rigidity of the unit.

The PLEIONE Mobile Pedestal File Cabinet provides a compact, lockable storage space that can accommodate either Letter or Legal hanging files. The PLEIONE is only 17" deep and under 12" wide, making it easily storable below most desks. A convenient handle enables users to easily move it as necessary. Both the upper and lower drawers are equipped with ball-bearing glides and the lower drawer features a front wheel to provide stability even when the drawer is fully extended. A tray is included in the upper drawer for convenient storage of small stationery items.

Part #	File Pedestal Dimensions	Top Drawer	Bottom Drawer
PMPFC	11.875" W x 17" D x 19" H	9.25" W 15.75" D 2.625" H	9.25" W 15.75" D 9.25" H
